To Whom It May Concern at the New York Film Academy,

I have enrolled my son/daughter _____ in the New York Film Academy's -
_____ workshop at _____, starting _____.

_____ is 18 years old, however, we have requested that he/she be admitted into the
High School workshop for students ages 14-17.

We understand that this program is designed for minors, and my child and I understand that
he/she/they must abide by all rules and regulations for this camp and must follow any additional
directions or instructions of the camp staff. No special considerations or additional freedoms, not
afforded to the minors in the program, will be granted to my child because of his/her/their age.
My child understands that any physical relations with a minor is illegal.
Any attempt to challenge the rules put in place for the program may result in disciplinary action,
up to and including, expulsion, without any possibility of a refund.

I have fully explained these conditions to _____ and he/she/they understands and
agrees to them. If my child chooses to withdraw from the workshop there will be no
reimbursement or refund.
